

## Abbey School Primary Sports Premium

Physical Education and School Sport is used a powerful tool to holistically develop the full potential of our young people at Abbey School. We have seen the benefits to Health and Well Being that a strong PE programme has provided and ensure our children have well over the required 2 hours of PE a week. The development of PE and Sport has more widely embraced our outside and woodland learning and a whole school mindfulness and well being programme.

We welcomed the Government's announcement in June 2013 to provide additional funding to improve provision of physical education (PE) and sport in primary schools. We are committed to using this resource in developing high quality PE lessons, alongside greater opportunities for sporting competitions and clubs for all our young people. In the academic year 2016/17 Abbey school have received **£8200** premium money. **£3000** of this money was spent on transporting children to the various sporting events highlighted below. **£2000** was spent on buying in to the CPD, inclusive events and festivals run by Aston Academy, (Project ability School) and also spent on staffing the programme below with qualified experienced Physical Education specialists. **£2000** was spent on extending our swimming programme, as very few of our primary children can swim we see this work as potentially life-saving and definitely life changing. **£1000** was spent on after school sports provision including staffing support and specialist Parkour delivery.

### 2016/17 Outcomes of Primary PE Premium Spending

<b>Physical education</b>	
<b>Raising standards of all our children in Physical education</b>	
<b>Objectives</b>	<b>Outcomes</b>
<b>Broad and balanced curriculum . All children accessed minimum 2 hours of PE taught by PE specialists.</b>	<b>Staff delivering high quality PE lessons. High levels of engagement by children who are challenged and have fun in structured , high quality PE</b>
<b>Staff development ensured delivery of a broad and balanced curriculum . In house CPD for staff and coaching to developed skills and confidence in delivering to YST program of Healthy, Social, Thinking and Physical Me</b>	<b>Staff accessed CPD opportunities provided by South Yorkshire Lead inclusion School and the Youth Sport Trust and have further increased skill and understanding of different elements of Physical Education. Children taught high quality PE.</b>
<b>Links with local schools shared staff learning for inclusive PE lessons</b>	<b>Focussed drive on the 4 areas of assessed PE , children making rapid progress in social aspects of PE, impacting on whole school behaviour.</b>

## Competitive School Sport/ Sport Participatioon

Increasing pupils' participation in extra- curricular sport

Objectives	Outcomes
To Increase the amount of competitive sporting opportunities for children	School competition calendar developed with School Games organiser and Link team at Aston / Rawmarsh and Wingfield Academy with Links partnership.. A,B and C teams in some festivals. Sporting opportunities through Nexus Mat. All primary children represent school and the majority represent the town in competitive sport
Sport for all	Through Project Ability most children in the school have participated in competitive and cooperative sporting opportunities with children with more complex disabilities and also from mainstream schools during the year. Whole school take part in a day long festival with Kelford and Hilltop Special Schools , Thurcroft and Meadowview primary at World Class Sporting Venue- The English Institute of Sport. Year 4 visit New York Stadium for Leadership development day with the Youth Sport Trust. Our Adventure challenge team working with Meadowview Primary School became gold medal winners at South Yorkshire School Games. We were also medal winners in Boccia and Kurling and represented Rotherham at Basketball, Seated Volleyball, Golf and Cricket.
Lead role in national Play Unified project	Our students in regular sport / social sport with young people from mainstream schools
Ongoing Extra curricular clubs development give all children the opportunity to develop their skills and confidence to take part in festivals and competitive sport.	Increased fitness, confidence and skill enable children to enjoy participating in clubs and festivals. Children have accessed Community clubs as a result of links being made in the school environment at extra curricular clubs

New Sports have been accessed including Parkour, Boxing and Cycling all alongside mainstream children .

## **2017-18 Sports Funding**

**We are thrilled that in 2017/18 Abbey School will receive £16,000 and an additional payment of £10 per pupil.**

### **What does the Sport Premium mean for Abbey School?**

*'Schools must spend the additional funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this' (DfE June 2013).*

At Abbey School our commitment to high quality Physical Education is shown through our PE strategy in which all primary children have a minimum 2 hours of PE taught, by specialist PE teachers.

Our funding will again been used on 3 key areas , Physical Education, Competitive Sporting Opportunities and linking with our Vision for PE, Sport and Health For All.

Following our exceptional work as a Project Ability Link School we have taken the mantle of **Lead Inclusion School** for the Youth Sport Trust . This requires us to be inclusive PE/Sport advocates, enablers and facilitators across the County and beyond. Our staff currently deliver Inclusive PE courses across the region.

In July 2017 we were extremely proud to be accredited with **GOLD SPORTSMARK** we believe this shows the progress we have made in moving from a basic PE provision to providing excellent effective Physical Education and school sport opportunities for our children.

*This academic year will be spending our premium on;*

£3000 a range of extra-curricular activities ,

£3000 on transport to and from events,

£2000 on wider staff training to upskill and widen the confidence of all our workforce to deliver PE, Sport and Health Related activity,

£1000 on curriculum development,

£3000 on our ongoing passion to give our children the gift of water confidence and safe swimming skills,

£2000 on developing leadership and confidence through sport to include playground Primary Leaders.

£2000 on our partnership work with Project ability link Schools Finally, we will spend money on our continued development as a centre of excellence for Inclusive PE and Sport. WE are involved in a national research project into the inclusion of girls with additional needs in PE and Sport and see this as a pivotal driver in further improving our experiences for our girls and those in our partnership.

We are also involved in a primary cycling project and delivery of the new YS Award Scheme supporting transition to Key stage 3.

**We have very recently been invited to take part in a global sports project looking at Play Unified principles around the world.**
