

How to use a PlayStation or Xbox to access Remote Learning

Xbox

1. Plug a keyboard into the xbox usb slot. There are two at the back and one at the front.
2. Go into my games and apps.
3. Find Microsoft edge and select.
4. Once there type Office 365 into your browser. Use your controller as the mouse.

PlayStation 4 (not PS5)

1. Go to Library and Applications
2. On the right side, go down until you find the Internet Browser icon
3. With the Internet icon selected Press Start
4. Press Triangle to open the search page and type in Office 365
5. Press Square button on the controller to make the screen larger
